

SERVICE AGREEMENT

As requested by many of our customers, Stallings Refrigeration Co., Inc. is pleased to offer a preventative maintenance service policy to provide assurance that your refrigeration system is carefully checked and maintained. Regular service maintenance assures better performance and efficiency of your equipment and avoids future problems.

Services provided;

Check motors and oil.
Clean condensers.
Clean evaporator coil
Check Freon.
Change filters.
Reset time clocks.

Check water filter and replace if needed.
Check system for vibration.
Check door gaskets.
Check defrost and mullion heaters.
Check amperage.

This agreement is in effect from the date it is signed and accepted by Stallings Refrigeration. Service Policy customers received priority service at all times, including weekends and holidays.

If our inspection uncovers problems that require service or parts, you will be advised of the additional charges and repairs can be made at the time of inspection. Regular service calls from 8:00 am to 5:00 pm Monday through Friday, are billed at an hourly charge. Overtime is after hours and weekends. Please call for the current hourly rates.
